DEMOCRATS OPEN BATTLE IN THE HOUSE.

Move to Take Off Differential as
Amendment of Cuban Re-
venue Bill.

WASHINGTON, April 18.—When the Cuban bill was read in the House this afternoon for consideration under the five-minute rule Mr. Morris (Miss.) offered an amendment to remove the differential on refined sugar.

Mr. Payne made the point of order that it was not germane and entered into an argument on the subject. When the House met under at 3 o'clock there was a proposal of a special order to take up the Cuban bill.

The action of the Democratic majority last night, which decided to give priority for the removal of the differential on refined sugar, gave the Democrats much concern, as they were unable to figure out exactly what strength the opposition would command on the Republican side.

Mr. Richardson, the Democratic leader, opened the debate in favor of the bill. Just before Mr. Richardson took the floor Mr. Brownwell (Cal.) asked him this question: "Does the gentleman from Tennessee know anything of a reported bargain between the leaders on this side and the Democrats on that by which the Crumpacker resolution is to be smothered in order to aid the passage of the pending bill?"

"Absolutely nothing," replied Mr. Richardson. Mr. Hepburn (Iowa) aroused considerable excitement by bringing forward the revelation made in the Democratic caucus last night concerning the alleged overtures made from his Republican side to abandon the Crumpacker resolution if the Democrats from the States threatened would vote against overruling the chair.
